

SELF-MONITORING OF BLOOD GLUCOSE IN TYPE 2 DIABETES

spectrum.diabetesjournals.org

FROM RESEARCH TO PRACTICE

80 Preface

Mary M. Austin, MA, RD, CDE, FADE, Guest Editor

83 The Two Skill Sets of Self-Monitoring of Blood Glucose Education: The Operational and the Interpretive

Mary M. Austin, MA, RD, CDE, FADE

91 Glucose Pattern Management Teaches Glycemia-Related Problem-Solving Skills in a Diabetes Self-Management Education Program

Margaret A. Powers, PhD, RD, CDE, Janet Davidson, BSN, RN, CDE, and Richard M. Bergenstal, MD

98 Effects of Consumer-Facing Technologies on Patient Engagement, Behavior Change, and Type 2 Diabetes-Related Health Outcomes

Jennifer Shine Dyer, MD, MPH

102 Using Self-Monitoring of Blood Glucose in Noninsulin-Treated Type 2 Diabetes

Marjorie Cypress, PhD, CNP, CDE, and Donna Tomky, MSN, CNP, CDE

107 Self-Monitoring of Blood Glucose in Glucagon-Like Peptide-1-Based Treatment Approaches

Oliver Schnell, MD, and Anne-Marie Felton

FEATURE ARTICLE

112 Mixing Insulin Glargine With Rapid-Acting Insulin: A Review of the Literature

Dana G. Carroll, PharmD, BCPS, CDE, and Lisa Meade, PharmD, CDE

DEPARTMENTS

67 Editorial: Use of Blood Glucose Meters Among People With Type 2 Diabetes: Patient Perspectives

Amy Tenderich, MA

120 Care Innovations: Use of Continuous Glucose Monitoring as an Educational Tool in the Primary Care Setting

Antonio Otavio Teodoro de Oliveira, PharmD, CDE, Kim Bartholomew, RN, CDE, Jodi Lavin-Tompkins, RN, CNP, CDE, BC-ADM, and JoAnn Sperl-Hillen, MD

124 Pharmacy and Therapeutics: Insulin Use in Hospitalized Patients With Diabetes: Navigate With Care

Cecilia C. Low Wang, MD, FACP, and Boris Draznin, MD, PhD

131 Lifestyle and Behavior: "She's Trying Her Best, Even Though She Gets on My Nerves": Diabetes and the Caregiver-Child Relationship in Jamaica

Moji E. Anderson, PhD, and Marshall K. Tulloch-Reid, DSc
