

From Research to Practice

- 284** Roadmaps to Continuous Glucose Monitoring's Role in Transforming Diabetes Management: Preface, *Richard M. Bergenstal, Guest Editor*
- 287** Guest Editor, *Richard M. Bergenstal*
- 288** Roadmap to the Effective Use of Continuous Glucose Monitoring by Diabetes Care and Education Specialists as Technology Champions, *Anastasia Albanese-O'Neill*
- 299** Roadmap to Continuous Glucose Monitoring Adoption and Improved Outcomes in Endocrinology: The 4T (Teamwork, Targets, Technology, and Tight Control) Program, *Priya Prahalad and David M. Maahs*
- 306** Roadmap to the Effective Use of Continuous Glucose Monitoring in Primary Care, *Thomas W. Martens*
- 315** Roadmap to the Effective Use of Continuous Glucose Monitoring in Pregnancy, *Helen R. Murphy*
- 320** Roadmap to Achieving Continuous Glucose Monitoring Equity: Insights From the T1D Exchange Quality Improvement Collaborative, *Osagie Ebeozien*
- 327** Roadmap to the Effective Use of Continuous Glucose Monitoring: Innovation, Investigation, and Implementation, *Richard M. Bergenstal*
- 354** "I'll Just Forever Be That Person Who Stands in the Middle of the Dance Floor Drinking a Juice Box": Supporting the Transition to Adulthood With Type 1 Diabetes in a Post-Secondary University/College Setting, *Jessica C. Kichler, Alana Gyemi, Robert Papak, Kenzie Tapp, Brianna Grandi, and Krista Lucier*
- 364** A Scoping Review of the Relation Between Toothbrushing and Diabetes Knowledge, Glycemic Control, and Oral Health Outcomes in People With Type 2 Diabetes, *Ruth D. Lipman, Kelly K. O'Brien, Joan K. Bardsley, and Michelle F. Magee*
- 373** Ambulatory Glucose Profile Changes During Pregnancy in Women With Type 1 Diabetes Using Intermittently Scanned Continuous Glucose Monitoring Empowered by Personalized Education, *Maja Baretić, Gloria Lekšić, and Marina Ivanišević*
- 379** Therapeutic Inertia and Delays in Insulin Intensification in Type 2 Diabetes: A Literature Review, *James R. Gavin, Richard M. Abaniel, and Naunihal S. Virdi*
- 385** Usefulness of the Montreal Cognitive Assessment in Older Adults With Type 1 Diabetes, *James Choe, Rachel Kudrna, Luciana Mascarenhas Fonseca, and Naomi S. Chaytor*
- 391** Emergency Department Use in Black Individuals With Diabetes, *Barry Rovner, Robin Casten, Ginah Nightingale, Benjamin E. Leiby, Megan Kelley, and Kristin Rising*
- 398** Association Between Health Insurance Type and Adverse Outcomes for Children and Young Adults With Type 1 Diabetes and Coronavirus Disease 2019, *Brian Miyazaki, Osagie Ebeozien, Saketh Rompicherla, Amy Ohmer, Ines Guttman-Bauman, Andrea Mucci, Alissa Guarnieri, Vandana Raman, Allison Smego, and Jane K. Dickinson*

Feature Articles

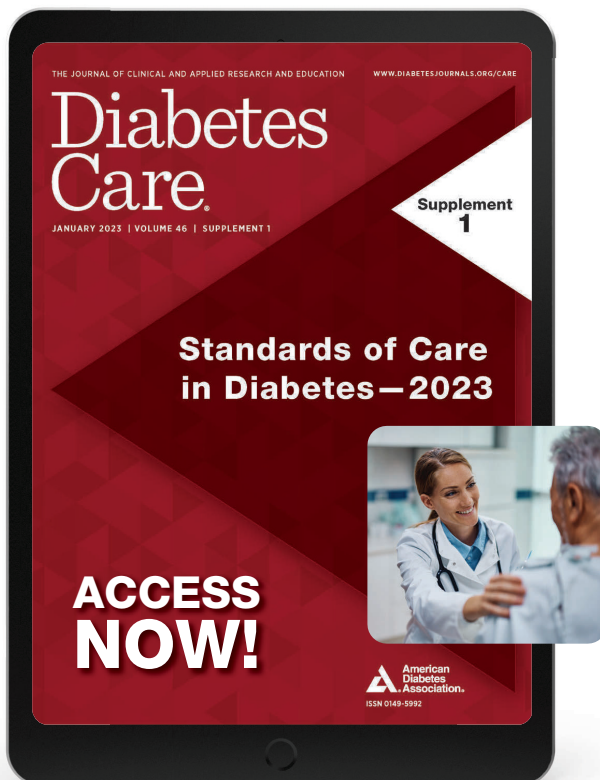

- 337** Trends in Time in Range–Related Publications and Clinical Trials: A Bibliometric Review, *Pranav M. Patel, Richard M. Abaniel, Natasha Dogra, Charles B. Lo, Marie A. Frazzitta, and Naunihal S. Virdi*
- 345** Revision and Psychometric Evaluation of the Diabetes Knowledge Questionnaire for People With Type 2 Diabetes, *Julie A. Zuñiga, Ya-Ching Huang, So Hyeon Bang, Heather Cuevas, Tara Hutson, Elizabeth M. Heitkemper, Emma Cho, and Alexandra A. García*

Lifestyle and Behavior

- 403 Longitudinal Associations of Mental Health Comorbidities With A1C Among Adolescents and Young Adults With Type 1 Diabetes, *Alissa J. Roberts, Kristen Carlin, Joyce P. Yi-Frazier, Ashley Moss, Meenal Gupta, and Faisal S. Malik*

Erratum

- 408 Erratum: Addressing Therapeutic Inertia: Development and Implementation of an Electronic Health Record–Based Diabetes Intensification Tool. *Diabetes Spectrum* 2023;36:161–170 (<https://doi.org/10.2337/ds22-0031>), *Kevin M. Pantalone, Swapnil Rajpathak, Xinge Ji, Jian Jin, Tracey Weiss, Janine Bauman, Tomas Radivoyevitch, Michael W. Kattan, Robert S. Zimmerman, and Anita D. Misra-Hebert*

The ***Standards of Care in Diabetes—2023*** by the **American Diabetes Association®** helps health care providers find the best diabetes management plans with their patients based on the latest evidence.
